GROCERS', BUTCHERS' AND BAKERS' HELP MAY GO OUT.

Denver, March 31.—Seventy-four restaurants in this city are closed today in consequence of the cooks and waiters' strike and thousands of people are greatly inconvenienced. The grocers', butchers' and bakers' clerks threaten to strike in sympathy with the cooks and waiters and let the entire city go hungry. While this organization will be affiliated with the various unions of the cooks, waiters, butchers, bakers, grocery clerks, packing house employees, etc. The grievance of one of these unions will be the fight of the union and the promoters are confident that such a combination will be invincible in any controversy affecting their interests. The terms offered are that the strikers will be taken back at the old wage scale if they report for work not later than tomorrow morning. In the event that this proposition is rejected by the union the members of the association assert that all negotiations will be suspended and they will open for business with whatever help is obtainable.

### FINANCED BY IRISH MONEY.

Claims of the National Party Regarding Land Bill.

New York, March 31.—The Irish national press, according to a dispatch from Dublin via London, says the Times is working hard in order to construct public opinion on its contention that the land bill is going to be financed entirely by Irish money. ## A COUGH CONUNDRUM

When is a cough more than a cough?

When it's a settled cold. When it hangs on in spite of all you can do. Cough mixtures won't cure it because they are merely for a cough and this is something more.

Scott's Emulsion cures the cough because it cures the something more. It heals and repairs the inflamed tissues where the cold has taken root and prevents its coming back.
